

## Two Girls

Two girls hug at a window,  
Street scene below and  
Black sky empty far beyond  
But inside  
Backlit by neon  
And the glare of street lamps  
They stand close.  
Two girls at a window  
Open to the night  
Open to the downstairs gawkers  
Sidewalk strollers  
The Friday ramblers.  
Two girls washed in the  
Television light  
Bright blue    emerald    lavender    rose  
Glowing with the roses  
And the love  
  of the poets and the people  
On the floor  
Looking up  
Those girls  
Just look at them.
